

- Today Dr. David Garrison, Chairman of the Board of Global Gates & author of the book, *Church Planting Movements*, discusses four critical questions:
 - What do I say (to a lost person)?
 - To whom do I say it?
 - What makes you think I'm going to do this?
 - What do I do if they say yes?
- “One beggar showing another beggar how to find bread”
- Multiplying the Vision: Fastest Growing CPM/DMM in history
 - Ying and Grace Kai – Southern China
 - Grew up in Taiwan
 - Move to America as pastor and then returned as missionary in China
 - Had a vision to see 200 churches over the next 3 years
 - Went to a small church and cast this vision to them.
 - They were supportive in prayer but he told them they would do it
 - They didn't know how and 4 questions prevented them
 - He said he would train them
- Training for Trainers: What Happened?
 - After 2 months 20 small groups started
 - After 6 months: 327 house churches with 4,000 baptized
 - After one year: 908 house churches with 12,000 baptized.
 - Second year, 3,535 new churches with more than 53,430 baptisms.
 - First six months of 2002: 9,320 new churches and 104,542 baptisms.
 - End of 3rd year: 15,000 new churches with more than 160,000 baptized believers
 - Ten years later, more than 2 million baptisms and more than 80,000 churches.
- Four questions prevent the average Christian from being an effective DMM/CPM partner.
 - What do I say
 - Tell your story
 - Before Jesus, How they met Jesus and Life since Jesus
 - Remove religious vocab
 - Reduce to 1 minute
 - Practice telling to each other
 - Who do I say it to?
 - What does the Bible say? List of 5
 - Noah and family
 - Lot and family
 - Rahab and family
 - Cornelius and Family
 - Win your family and network of friends
 - Anyone that's far from God
 - Make a list of 5 as priority
 - Why should I do this?
 - Peer Accountability (Luke 10)
 - 72 disciples sent out and came back to report
 - Teacher joins them in reporting who they shared with
 - 1-2 people will be very gifted “super spreaders”

- What do I do if they say Yes?
 - The Five Lessons
 - The Plan of Salvation (peace with God, 4 spiritual laws, Roman road) Customize for people group
 - The God who saved us (what is God like? Who He is?) Customize for people group
 - Having a Daily Quiet Time (read His Word, Journal what they're learning, self-feeding)
 - Being and Doing Church (Types of churches and community, baptism, Lords supper, form house church in their home)
 - God's Will for your life (Why did God bring me to faith?...take them back to 5 stories of family...“who do I tell my story to”
- T4T – Amazon, www.t4tonline.org
- Subarao: A Spiritual Gossip about Jesus
 - Caught the vision, started with 5 people and started 9 house churches among his people in 6 months
 - His people group so resistant for so long but then everyone was sharing their story
- Questions
 - Is it possible that T4T is only part of the story?
 - It's a piece of the puzzle, every people group different, part of power is when people tell their story, the 1st generation may have Christian background but when someone comes to Christ, they are multiplying their story in their people, context (transcultural), spreads so virally among the community.
 - Examples in the USA
 - 44 movements in 37 countries over 1000 interviews, 82 movements at least 1,000 baptized Muslim background believers. Greatest turn of Muslims in US history.
 - Haven't seen it much in USA or Europe. We have a lot to learn about how to win Muslims to Christ and change our way if we are going to be effective because what we have been doing has been very ineffective for entire communities.
 - 1-2 Muslim movements have emerged in Europe.
 - Subject needs to be studied but other backgrounds have been seen
 - No Place Left Network – www.noplacelleft.net, zeal and passion to multiply disciples among the US (Paul's words in Romans 15:20), training Christians to multiply disciples
 - How do I communicate this vision to the church board but not seem rebellious?
 - Different expressions of church
 - Attitude makes a difference
 - Don't ever demonize local church or fall guy
 - Majority of disciples are joining traditional churches but came to faith through community
 - Don't think it's going to be an either/or
 - What prevents heresy in these movements because it's so organic?

- They are so passionate about the Lord changing their life, they have accountability structures and Bible study so not much heresy seen
- If seen, it is compartmentalized and not easily spread because not a pyramid.
- I'm a church planter and hearing all these different acronyms, how do I know which one to use in my work/ country...how do I choose?
 - T4T very adaptable, combine with Jesus film, storying T4T site (www.st4t.org), disaster relief, learn and adapt
 - The power is in the Gospel, these are just different vehicles
- Where do you see this going in the future?
 - My dream is to see those exciting things sweep across North America
 - Explore these options for training and making more disciples
